SZOLÓGIAI

1 db 7 darabos fakockából álló kocka, 60 db feladatokkal ellátott kártya (3 nehézségi szint),
1 db szőnyeg.

« könnyű

««közepes ««« nehéz

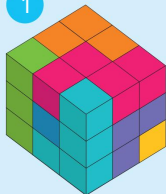

A JÁTÉK CÉLJA: Rakd össze a kockát az összes darabból.

JÁTÉK MENETE: A játékos előkészít egy kockát és mind a 7 darabot az asztalra. Mellette egy pakli kártyát készít elő egy feladattal. Húz egy kártyát, és a kártyán lévő feladatnak megfelelően elhelyezi a darabokat a kockára. Ezután megpróbálja kiegészíteni a többi darabot úgy, hogy tökéletes kocka szülessen. Minden feladatnak csak 1 helyes megoldása van.

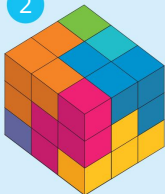

A megoldások a játék útmutató végén találhatók.

A feladatok szerzője: Alain Brobecker
